Commercial Relations

11. Given the geographical proximity and historical linkages, India has been a natural trading partner for Afghanistan and is the largest market in South Asia for its products. The total bilateral trade between India and Afghanistan for CY 2019-20 was at US\$ 1.5 billion. While there is immense potential to expand bilateral trade, the difficulties in transit via Pakistan was a major hurdle in expanding the trade ties. In order to expand trade to India, the Afghan government in collaboration with Government of India launched a dedicated Air Freight Corridor on 19 June 2017.

12. Since its inauguration in 2017, India-Afghanistan Air-Freight Corridor has witnessed close to a 1000 flights, carrying goods valued at over USD 216 million. This has provided a boost to Afghan exports to India and has directly benefited Afghan farmers and small traders and exporters. India and Afghanistan now aim to expand the Corridor to other cities in both the countries.

13. Another important initiative which strengthened bilateral trade was the operationalization of the Chabahar Port in December 2017, followed by commercial agreement to manage port operations in February 2018. The Port has so far handled over 5,000 containers ferrying over 110,000 tons of wheat and over 2,000 tons of pulses sent by India as assistance to Afghanistan via Chabahar. These were delivered to various parts of Afghanistan and average transportation time (excluding processing time) involved was less than 2 weeks. In 2019, Afghanistan shipped around 700 tons of agricultural and mineral products to India through the Chabahar Port, clearly demonstrating the feasibility of Chabahar Port as a transit point for Afghanistan and eventually to Central Asia.

14. Following the success of the first and second edition of India-Afghanistan Trade & Investment Show, titled 'Passage to Prosperity' in September 2017 in New Delhi and September 2018 in Mumbai, the third edition of the event was held on 24-26 September 2019 at Delhi. As with the previous editions, show was executed in cooperation with U.S. Agency for International Development (USAID). The event saw 105 Afghan businesses. Trade worth US\$ 33.6 million were signed and US\$ 23.3 million in pre-contract agreements were discussed.

Afghanistan India Culture Relations

15. Given the extensive cultural linkage between India and Afghanistan, there is considerable interest in cultural exchange events on both sides. There have been several

exchanges of artistes and music troupes over the past few years. Major such events include an “India-Afghanistan Culture Week” held in New Delhi in November 2017 in collaboration with India-Afghanistan Foundation (IAF) and ICCR; visit of a cultural troupe headed by Smt. Kumud Diwan to Kabul in September 2017; visit of ‘Awayee Band-e-Amir’ - a folk musical troupe from Bamiyan Province of Afghanistan for the 5th International Folk Music and Dance Festival organised by ICCR at New Delhi in December 2018; visit of a three-member Instrumental ‘Sarod’ group led by Shri Avijit Ghosh in October 2019.

16. In addition to the above people to people exchanges, the two Governments came together to establish an India- Afghanistan Foundation (IAF) in 2007. IAF is a trust fund which finances projects aimed at fostering India-Afghanistan relations through enhancement of economic, scientific, educational, technical as well as cultural cooperation. The management and direction of the Foundation are vested in a Board of Directors consisting of 10 members. Ambassador of India to Afghanistan in Kabul and Ambassador of Afghanistan to India in New Delhi are the Co-Chairpersons of the Board. The other eight members are nominated by the two Governments. The 12th Board Meeting of the India Afghanistan Foundation was held in August 2019 at the Kabul Chapter. The Board reviewed the working of the Foundation and looked into new proposals from both the Chapters.

17. India and Afghanistan have robust relations in the field of sports. Since 2011, Afghanistan Under-14 & Under-17 Boys’ and Under-17 Girls’ football teams have been participating in the Subroto Cup International Tournament organised every year by the India Air Force.

18. Cricket has been a major factor in promoting people-to-people ties between the two countries. Afghanistan Cricket Board (ACB) has been allotted three cricket home grounds in India (Noida, Dehradun and Lucknow). India is also involved in construction cricket stadiums and grounds in various provinces of Afghanistan under the aegis of HICDP. The first India-Afghanistan test match was held in Bangalore in 2018. A bilateral test series, Afghanistan versus West Indies was held in India, with Afghanistan as the host country from 06 November 19 to 01 December 2019. The series comprised of 3x One day Matches, 3 x T-20s and One test match at the Ekana Stadium in Lucknow. High Impact Community Development Projects (HICDP)

19. Since 2005, India and Afghanistan have partnered in the area of community development through the HICDP program. Under this scheme, US\$ 120 mn has been committed till date to various small to medium scale projects in areas such as education, health, water management, government buildings, sport facilities, agriculture and irrigation, etc. Around 433 High Impact Community Development Projects have been completed with Indian financial support in all 34 provinces of Afghanistan so far and around 110 projects are

ongoing in various provinces of Afghanistan. On 05 July 2020, India signed five (05) agreements for construction of schools and roads worth US\$ 2.6 mn.

20. During FY 2019-20, 37 projects were completed in various provinces of Afghanistan under the High Impact Community Development Project (HICDP) scheme of Government of India. An MoU for financial commitment of US\$ 80 mn towards HICDP Phase- IV is currently under negotiation by both sides. This would take total commitment of Indian Government to HICDP to US\$ 200 mn.
